**Date Last Modified** 6/8/95

**Originator** Conover, Helen

**Phone No** (205)922-5807

**Organization** UAH, MSFC DAAC

**E Mail Address** helen.conover@msfc.nasa.gov

**Document** SDPS Design Spec

<b>RID ID</b>	<b>PDR</b>	441
<b>Review</b>	SDPS	
<b>Originator Ref</b>	HC001	
<b>Priority</b>	2	

**Section** 4.1

**Page** 4-3

**Figure Table** Table 4.1-1

**Category Name** Status-Client

**Actionee** HAIS

**Sub Category**

**Subject** Data volume estimates

## **Description of Problem or Suggestion:**

Estimated results from the Data Management subsystem are possibly high volume, but data granules from the Data Server are only medium volume.

## **Originator's Recommendation**

Revisit these estimates, or confirm that metadata volume is expected to exceed data volume.

**GSFC Response by:**

**GSFC Response Date**

**HAIS Response by:** Eisenstein

**HAIS Schedule**

**HAIS R. E.** Nakamura

**HAIS Response Date** 5/22/95

The estimates will be revisited and updated as part of CDR. In particular, with the re-use of the Version 0 Client in Release A, Data Management will not return granules to the Client.

**Status** **Closed**

**Date Closed** 6/8/95
